

## Help us to design our new logo for the Friends of the Friarage

We are looking for ideas to help our designer to create a new logo for our charity. At the Friends of the Friarage, we donate time and fundraise for medical support and modern equipment at the Friarage Hospital and its community services in Hambleton and Richmondshire. What do you think should be included in our new logo? Remember a logo needs to be eye catching so people recognise and remember it. We have 10 x £10 book tokens to send out to those who create some of our favourite designs.
